April 11-12, 2009
Hangzhou, China

The 2nd AAAC Annual Meeting AAAC 2009 will be held on April 11-12, 2009, Hangzhou, China.

Topics

All areas of theoretical computer science, especially design and analysis of algorithms and complexity theory.

Submissions

Authors are invited to submit one-page abstracts (A4, PDF-files are strongly preferred) that can be based on original results or survey of existing results.

Informal working notes including the one-page abstracts will be distributed at the meeting, which does not prevent any form of future publication on the same work.

Submission Server is now open. Since each submission is one page, the abstract column of the easychair is not important. Instead of giving an even shorter abstract, please indicate which author plans to give a talk using this column, like "Speaker: Bob Clinton." Note that easychair does not accept your submission if Abstract is too short. The submission sit is
